REQUEST FOR OFFICE CONFERENCE

Commissioner of Patents
Washington, D.C. 20231

Sir:

Responsive to the Non-Final Office Action mailed 11/10/03, an office conference is requested with the Examiner to discuss the *Eppich* reference before a formal response is filed to insure that Applicant is employing the same terminology for the parts as is the Examiner. Specifically, Applicant seeks to adopt a common language to point out the following differences between Applicant's invention and the *Eppich* reference shown in the attached table.

Applicant's attorney will be in Washington, D.C the week of December 20, 2003, and would be able to meet with the Examiner on the 22, 23, or 24, if convenient. If not, a telephone conference is requested to clarify the terminology used by the Examiner so that Applicant can more meaningfully respond to the last office action with similar language. It is apparent from the last office action that the Examiner is using the terminology in the claims in a manner not contemplated by applicant as the two devices function in different manners and have differing scopes of application.

In addition, the file should reflect that Applicant will be filing formal black and white drawings in conformance with the Examiner's requirements and therefore will not seek permission for the utilization of colored drawings. This requirement for formal drawings is again requested to be deferred until completion of the action on the merits. ____

Dated this 18th day of November 2003.
Marcus G. Theodore
Attorney for Applicant
Reg. No. 26,815
